

Technical Data Sheet **Magnetic outdoor visual pocket**

Product Description / Application: The visual pocket reduces search times by attaching documents and labels visibly to the storage bin. It is ideal for work instructions and barcode labels, allowing employees to recognise contents immediately and verify them by scanner. This minimises picking errors and speeds up processes. The zip closure on the underside protects the document from the weather.

Ideally suited for:

- 5S projects
- Container labelling
- Work instructions

Technical Data:

Property	Value
Material	PVC
Temperature range PVC	Short-term -20°C to +80°C
Solvent-resistant (tetrachloroethylene) No	
Document formats	DIN A4 to DIN A7, 1/3 DIN
Magnetic strip thickness	2 mm
Magnetic strip material	ISOTROPIC RUBBER FERRITE
Magnetisation	Multipolar
Magnet strength	Approx. 40~45 g/cm ²
Number of magnetic strips per version	1, 2, 4

Warranty and Liability: Our information and recommendations are based on current knowledge. The values stated in our data sheets are typical or average values. Changes and additions are possible at any time. As the use of our products is beyond our control, we accept no liability or warranty whatsoever. We will gladly provide sample material for testing purposes.
