

Technical Data Sheet **Pallet clip**

Product Description / Application:

The pallet clip can be attached to the corner blocks of the pallet or to the blocks on the long side of the pallet. To attach it, the clip is bent open with both hands and slipped over the respective block. Thanks to the document slots on the two long sides and on the closed short side, the pallet identification is visible regardless of the viewer's position.

- Easy attachment
- Flexible labelling
- Durable material

Ideally suited for marking:

- Euro pallets
